Workplace Assessors Newsletter

VOLUME 2 ISSUE 1

February 2009

New Course Calendar in 2009

PaMPITO has confirmed its courses for 2009. Manukau Institute of Technology (MIT), Industry Training and Technology (ITAT), and CPIT have agreed to continue as our preferred providers for 2009.

PaMPITO Course Calendars are attached to the back of this newsletter.

Remember to enroll your trainees and apprentices as soon as possible to get your earlybird discounts. Go online to enroll directly at www.pampito.org.nz

PaMPITO Certificates (LCPs)

This year we are pleased to be offering smaller PaMPITO certificates which can also be called Limited Credit Programmes.

These certificates are usually at least 20 credits and have been pre-arranged into "bite sized" mini-qualifications that receive a certificate upon their completion. Once completed, all LCPs will allow each trainee to complete a few more units to achieve a National Certificate. See page 3 and talk to your Training Services Managers to find out more.

Reviewing the Delivery System

This year we are continuing to review our training delivery system and looking at what unit standards can be delivered on courses and through distance learning. At the end of 2008, PaMPITO invited 5 providers to submit a proposal against key unit standards that currently have little or no provision through courses or distance learning. Response to date has been positive and we expect to have tender documents to us by 13 February 2009.

Ultimately we want to find a cost effective and meaningful mix of training that will benefit all of our industry trainees.

Workplace Assessors Conference 2009

Following a positive response from you all after our last Workplace Assessor Conference we can confirm that we will start 2009 with Workplace Assessors Conferences in Auckland, Hamilton, and Christchurch.

Workplace Assessors Conferences have been confirmed for the following dates:

- Auckland – Friday 13th February 2009
- Hamilton – Thursday 19th February 2009
- Christchurch – Wednesday 1 April 2009

Each conference will run from 9am – 4pm and details of venues will be sent to companies and Workplace Assessors individually as they are confirmed. Please remember to RSVP so we can ensure there is enough food there for everyone.

2009 registrations for Workplace Assessors will be dependent upon your participation in these workshops and also Moderation processes.

Upcoming Events

Please see below details of upcoming events over the next few months.

January 2009:

30th Jan: 2009 Course calendar issued to companies and published on our website.

February 2009:

6th Feb: Waitangi Day

13th Feb: Workplace Assessors Conference 2009 (Auckland)

19th Feb: Workplace Assessors Conference 2009 (Hamilton)

27th Feb: PaMPITO will report to NZQA on the outcomes of Moderation in 2008

April 2009:

1 Apr: Workplace Assessors Conference (Christchurch)

Limited Credit Programmes

Limited credit programmes (LCPs) or PaMPITO certificates are pre-arranged sets of unit standards that have been arranged to enable trainees to enter industry training and be recognised for their achievements before making the decision to complete a full National Certificate.

PaMPITO Certificates (Limited Credit Programmes) (for the Plastics, Pharmaceuticals, Paint and Glass sectors)	Credits
Certificate in Introductory Plastics Production (Level 1)	21
Certificate in Plastics Production (Level 2)	20
Certificate in Introductory Manufacturing Fundamental Skills (Level 1)	21
Certificate in Workplace Safety, Teamwork and Communication (Level 2)	22
Certificate in Quality Management (Level 3)	21
Certificate in Engineering & Measurement (Level 2)	23
Certificate in Good Manufacturing Processes (Level 2)	21
Certificate in Adult Education & Training (Level 4)	20
Certificate in Competitive Manufacturing – Technical application (Level 2)	25
Certificate in Competitive Manufacturing– Introductory (Level 2)	20
Certificate in Competitive Manufacturing– Introductory (Level 3)	20
Certificate in Paint Quality Management (Level 2)	21
Certificate in Precision Engineering (Level 3)	21
Certificate in Basic Plastics Engineering (Level 1)	22
Certificate in Plastics Chemical Properties (Level 4)	28

Please contact your Training Services Managers here at PaMPITO to learn more about these LCPs. Ph: 09 263 6098.
